5 Day Motocross School

A non-refundable deposit of \$100 is required when booking. Balance paid upon arrival. Rates on our website.

Meals, training, indoor accommodation, minor mechanical help (flats tires, etc.) are included. Fuel and all oils (mix, engine, filter, and chain lube) are available for an additional fee. Students staying beyond 5 nights are charged an additional fee, which includes meals and practice on the track during regular practice hours. Airport pick up and delivery is available.

Students renting motorcycles are responsible for damages such as levers, bent bars, broken or severely marked plastics, spark plugs, ripped seats, tire tubes, etc. Engine, transmission, clutch and drive chain problems are the schools responsibility. Students bringing their own bikes should make sure their bikes are in good running order prior to arrival. Considerable wear and tear from extensive use is expected. Mechanics are on duty and students should ask for assistance if required.

Motopark keeps tabs for every student (snacks, parts, and movie money). If a student needs money it will be loaned to them and added to their tab. Parents will be notified should they require expensive repairs to their bikes.

It is the responsibility of the student to attend their lessons. A schedule is posted on site. Parental supervision is required for students 8 years old or younger to ensure they attend their lessons and meals. There is a Camp Director and a counsellor in each room to look after the students needs outside the training portion of the camp. Off-Road Cafè staff and mechanic are also on duty to help any student.

Students are separated into groups for lessons based on their riding ability. They will be assessed during the week and may change groups according to their specific needs.

Motoparks Summer Motocross Camps are meant for students to have some fun while learning how to ride motocross. We treat every student and staff member with respect. Students that can not do the same will be asked to leave.

Student Supplies: Supplies should include toiletries, towel, sleeping bag and pillow, and both short & long sleeve pants & shorts.

Accommodations: Indoor accommodations are provided for students only. Serviced sites are available at no extra charge for students wishing to stay in their own motorhomes or trailers.

Pro Shop: Students are able to purchase parts and accessories if required. We stock an assortment of parts and accessories, anything not in stock can be ordered.

Refunds: As most weeks are full, and some students unable to book, there are no refunds due to injury, illness or any other reason. Students not able to complete the course will be given credit for future training or riding sessions.
